To whom this may concern,

I can confirm that I used to use the path outlined in the map attached on page 2.

Please could you describe your knowledge of the route in your own words, explaining when you used it first and last, how you used the route, how often and if you stopped using it when & why.

MY USE OF THE ROUTE (Please continue on a separate page if required)

I started using the path on a regular basis when I started leading a walk for Groundwork in 2011. I usually had a group of 10-15 women with me on a weekly health walk lasting 1 hr. We would come down the path along the railway track and down the stairs opposite the Utility Buildings. We would cut through the river and walk along it to the Customs House. The path was closed when the building got converted to flats, which was understandable. I was quite disappointed to find that it was a permanent closure.
