To whom this may concern,

I can confirm that I used to use the path outlined in the map attached.

**MY USE OF THE ROUTE**

As residents on the Market Dock estate, my husband and I would regularly walk around this estate including the area that is now closed with metal gates and along the riverside that is now closed off for South Quays. We started using these paths on a daily basis after our daughter was born in 2008. We walked here while she was in her pram, she then learned to ride her bike on these paths, which were ideal as they were away from the road. We continued to use them on a daily basis to walk our dog and would often meet neighbours. We only stopped using the paths when the area was closed off during the conversion of the call centre to flats and the steel gate was installed.
