To whom this may concern,

I can confirm that I used to use the path outlined in the map attached.

**MY USE OF THE ROUTE**

I started using the path outlined in the attached map when my son and daughter-in-law were on holiday. I stayed at their house on Broad Landing when they were abroad on holiday and walked their dog. This would have been from 2014. I met many local residents when out with the dog in this area. I moved into a flat on the Market Dock estate in 2015 and then started using the path on a daily basis to walk the dog while my son was at work. I only stopped using the path when the metal gates were constructed and access was blocked.
