To whom this may concern,

I can confirm that I used to use the path outlined in the map attached on page 2.

Please could you describe your knowledge of the route in your own words, explaining when you used it first and last, how you used the route, how often and if you stopped using it when & why.

MY USE OF THE ROUTE *(Please continue on a separate page if required)*

The riverside walk from Mill Dam via Long Row, Comical Corner and along Wapping Street to the coast has been a route I have taken many times over the years. This included the coastal path section SBA 1 SO31 which passed in front of Garlands Call Centre (later to become Utilitywise).

This section has now been redeveloped as private dwellings and my access to the river along this section has been prevented.

More recently, a gate has been erected further preventing access along the river.

The walks were for recreation, taken with family.
